

Your **CONSERVATIVE** Candidates for Epping Forest District Council AND Loughton Town Council

I have lived in Loughton with my husband & family for 30 years, and am a retired chartered physiotherapist from the NHS. I am committed to improving the environment for the benefit of the local community, and supporting young people both educationally and through the workforce. Local residents need to have their voices heard and I would do my level best to represent them.

Jan RIDDING

Alderton Ward

Living in Loughton, I wish to connect with the local Community, and I would like to address the concerns of people of all age groups, so that we can work towards improving their well-being. As a retired family doctor, I understand the importance of continuing to provide opportunities for children and young people and explore ways of helping them to achieve their goals.

Meena PATEL

Fairmead Ward

As a local businessman I have seen for myself the devastation the Covid pandemic has caused to our livelihoods and our high streets. I will fight to rejuvenate Loughton High Road with businesses that will not only support our daily lives, but that create job opportunities and trade. I will do all I can to reinvigorate our High Streets by listening to your views and ensuring that Loughton's interests always come first.

Bob CHURCH

St John's Ward

Crime - I will work closely with our local police officers to keep residents and businesses safe.

Council Tax - I will do everything I can to ensure that Loughton receives its fair share of funding for the benefit of the local community.

Environment - litter has become an increasing problem and I will work with the District and Parish Councils to keep our streets clean and presentable.

Jonathan HUNTER

St Mary's Ward

Building Back Better for Epping Forest

Providing Good Value

Epping Forest District Council has the **lowest Council Tax in Essex**. For many years, in good times and bad, the District Council has frozen Council Tax whilst protecting frontline services.

This includes funding additional Essex Police Officers and bringing the Highways Rangers service in-house to repair local heritage features and pathways.

Supporting COVID Recovery

Local Conservatives have been working hard to help our area bounce back. During the pandemic Epping Forest District Council has worked tirelessly to get out grants to support local businesses.

We are investing in projects to regenerate our local areas as we work towards COVID recovery including launching plans for our High Streets across the District, and introducing a new High Street Manager.

Working in partnership with Essex County Council Conservatives we will bring more skills, jobs and opportunity to Epping Forest.

Investing in our Communities

The District Council is looking to the future and investing in a number of exciting projects, including a state of the art Leisure Centre in Epping which will benefit the whole district. We are also funding three additional Essex Police Officer tasked exclusively in our area to help drive down anti-social behaviour and crime.

Epping Forest District Council continues its successful Council House Building Programme delivering more than 500 new Council Homes for local people.

Local Conservatives delivering on our promises today and in the future
