**ACTION FOR YOU ALL YEAR ROUND**

**Kewal Chana** is a local architect who has lived in Chigwell for 27 years with his wife and children. All four of his children went to local state schools and did very well, progressing to University and gaining professional qualifications. He has represented Grange Hill as a District Councillor since 2006 and if re-elected, will continue to stand up for the interests of Grange Hill residents.

**WHY YOU SHOULD VOTE FOR ME AND THE CONSERVATIVES:**

I am asking that you re-elect me as your District Councillor for the Grange Hill Ward of Chigwell at the election in May.

I always make sure that the views of the local residents are made known to the Council and they are heard in the planning process to ensure the development does not detract from the local character.

The improvements and works of extension to the Chigwell Cemetery were completed to which I freely gave my time and professional architectural services. The extension to the office building provided a waiting area, which is proving very useful.

Currently, the Local Plan is being prepared, which will form the basis for the Planning Policy Framework. The local community is being consulted; here in Chigwell, a questionnaire was sent to every household. The Local Plan, when adopted, will use the views of the Community to establish a vision of how the local areas in the district (in our case Chigwell) will develop, while preserving the Green Belt.

Working with County Councillor John Knapman on the County Council's Highways Panel, we managed to secure funding for traffic lights with a pedestrian crossing facility at Manor Road at its junction with Tomswood

Road. The location was prone to accidents, particularly for school children crossing Manor Road.
